

Assertion (For Unit Testing)

↳ Always done by the programmer

Program (MyAssertion.java)

```
class MyAssertion
{
    public
```

```
    assert args[0].equals("india") : "error the  
page hai";
```

```
    sop ("ok");
```

```
}
```

// use ^{java}-ea switch to enable assertion
// use java -d switch to disable assertion
